## **Guildhelper.com MMORPG Guild Creation Guide 2.0**

Welcome to Guildhelper.com, the MMORPG central for guild creation, management, guides, graphics and artwork. As a fan of MMORPG's, I know how much work and time is needed to create and manage a guild. After struggling thru a few years with my own MMORPG guilds and thru many successes and failures, trials and errors, I've learned a lot about running an effective MMORPG guild. I'm here to share these guidelines, secrets and tricks with you.

Now with my help, I will teach you how to create a better and more functional guild from day one that will last for years to come. These days, many players expect a great deal from their MMORPG guild or else they will leave. I am here to provide you information on the basics but also some advance tips to make your guild uber! You will understand what attracts recruits and the methods needed to evaluate them. You will learn what type of organization is essential and what type of dedication is required to keep your guild running. I will teach you how to build a strong foundation of dedicated players and also how to form an organization to hold everything together. A well organized guild runs similarly to a well organized business.

**Although, this guide is provides all the fundamentals to guild creation, be sure to check [www.guildhelper.com](http://www.guildhelper.com) for more updates and more management topics.**
